### Product Description

Led Light Bar,240W 24000lm Led Fog Light 7 Inch Led Driving Lights Off Road Lights with Spot&Flood Combo Beam,Waterproof

Vastintel led light bar maximally reduce the light loss, providing 240w 6000k 24000-lumen super bright white light. The incredible brightness of led pods are perfect for off-road driving, outdoor travel, work lighting and boat lighting at night.

## FAQ

### 1.Light didn't work?

-----You can re-detect whether the line is connected, or you can directly connect the light to the positive and negative of the battery to check if it works.

### 2.Not waterproof?

-----One or two vent holes are usually designed for heat dissipation and to prevent deformation of the lamp caused by thermal expansion and contraction,so it is normal for water vapor to be inside the light, as long as the light turns on, it will evaporate quickly.

### 3.Hard to install?

-----Please (carefully) read the instructions included in the package.

### 4. Missing accessories or broken bracket?

----- Check whether the package has been opened, and then you can ask for help through the order page, we will provide you with a satisfactory solution, such as reissue.

## Advantages

<b>IP67 Waterproof and Durable</b> Vastintel road led pod lights use thickened die-cast aluminum profile, which has a more wear resistance and corrosion resistance features. Rubber pads are used for higher waterproof performance	<b>3D Optical Design</b> 15° spot lighting and 170° flood lighting with the 3D light cup design provide you a further and wider vision, you can enjoy a safe driving.	<b>Increased Cooling Area</b> Our led light bar has 10 cooling fins, maximize surface area for optimal cooling and extend service life up to 50,000 hours.	<b>Adjustable Bracket</b> Adjustable mounting bracket makes changing direction of light beam easily, the sturdy bracket can firmly fix the light bar, quakeproof when passing through rugged terrain.
