

12 Volt 36 Quart 36L Portable Freezer Compressor With AC 110/240V

Our Product Introduction

for more products please visit us on automotive-ledlight.com

Basic Information

- Place of Origin: China
- Brand Name: Vastintel
- Certification: CE, ROHS
- Model Number: QN-36B
- Minimum Order Quantity: 100 PCS
- Price: USD\$20.00 - \$30.00/PC
- Packaging Details: 1 pc/set 72X50X51 cm 15.300 kg
- Delivery Time: 40 work days
- Payment Terms: T/T, Western Union
- Supply Ability: 500000 Pieces/per Month

Product Specification

- Product Name: Car Freezer, Car Refrigerator
- Voltage: DC 12V
- Power: 50W
- Material: ABS, PP
- Type: Dual-Zone
- Temperature Range: -18 - 10 °C, +10 ~-18°C
- Open Method: Double-sided Cover Open
- Compressor: CUBIGEL
- Color: Grey
- Foam Blowing Agent: C5H10 / C-pentane
- Climate Classification: T, ST, N, SN
- Warranty: 1YEAR
- Size : : 695*480*495mm
- Weight : : 14 Kg
- Highlight: 12 Volt Portable Freezer Compressor,

Product Description

12 Volt Refrigerator, 36 Quart (36L) Portable Freezer Compressor With DC 12/24V and AC 110/240V, -7.6°F~50°F Low Noise

About this item

【 Warranty】 We guarantee you 1-year warranty for the compressor and other accessories, If you have any questions, please reach out to us from Official website, we will reply you within 24 hours. The refrigerator works better with Vastintel portable power station.(Package included: car freezer, dc power cord, ac power cord and user manual)

【Rapid Cooling In 15 Min】 : A powerful compressor is the key to cooling, this portable refrigerator and freezer only taking 20 mins to cool down from 77°F to 32°F and 50 mins achieve the lowest -7.6°F. You could freeze your daily food with this 12 volt refrigerator, that will surprise you, even in hotel rooms without refrigerators, saving you from worrying about food spoilage.

【Intelligent】 This 12v fridge is equipped with H/M/L three-gear battery protection, it will automatically cut off the power connection when the voltage input is not enough just for prevent the battery from running out. With MCU memory, this RV fridge/freezer has a memory function, it can remember the temperature you set before after a power failure, so there is no need to set it again.

【45dB Low Noise】 This car refrigerator was originally designed to be low-noise, in order to prevent disturbing driving due to noise in the limited space in the car. The camping fridge is also shock-proof, so it can work normally even if the bump is more than 35° during driving.

【Low Power Consumes】 The rated power of the portable freezer in MAX mode is 45W, it consumes far less than 1kwh/day for its intelligent cycle work. You can run this truck freezer with 12/24 V DC power on various vehicles, such as SUV, Truck, RV, Camper, Van, Boat, etc. "

EVERY GRIP IS FIRM

After 20,000 opening and closing tests

The handle has passed 20,000 opening and closing tests, and there is still no deformation to ensure that every grip is firm and easy.

TRIPLE DESIGN BLESSING

Battery protection, energy saving, low noise

Power consumption is equivalent to car navigation,
environmental protection and energy saving

Optional lithium battery life time is 4-6/hour
(36 liters battery life for 6 hours; 46 liters battery life for 4 hours)

Fine temperature control	Refrigeration	Dual-use
Electronic temperature control	Temperature in the box	Placed in the car, indoor long-term
Accurately control every degree	Up to -18°C	Placement is not affected

DETAILED PARAMETERS OF EACH STYLE

Capacity	Package dimensions	Product Size	Net weight	Voltage	power	Refrigeration	Refrigeration range
----------	--------------------	--------------	------------	---------	-------	---------------	---------------------

QN36A

36L	W695*D480*H495mm	W660*D400*H405mm	13kg	DC12/24V	50W	DC inverter compressor	+10°C -18°C
-----	------------------	------------------	------	----------	-----	------------------------	-------------

QN46A (Large-capacity model)

46L	W695*D480*H555mm	W660*D400*H465mm	16kg	DC12/24V	65W	DC inverter compressor	+10°C -18°C
-----	------------------	------------------	------	----------	-----	------------------------	-------------

QN36B

36L	W695*D480*H495mm	W660*D400*H405mm	14kg	DC12/24V	50W	DC inverter compressor	+10°C -18°C
-----	------------------	------------------	------	----------	-----	------------------------	-------------

QN46B (Large-capacity model)

46L	W695*D480*H555mm	W660*D400*H465mm	17kg	DC12/24V	65W	DC inverter compressor	+10°C -18°C
-----	------------------	------------------	------	----------	-----	------------------------	-------------

European compressor technology Refrigeration can reach minus -18°C

57 years of compressor R&D and manufacturing history Serving internationally renowned brands such as CoCa-Cola, Neale, Univeler, Pepsis, etc. Founded in 1962, Cubage is the world's fourth largest manufacturer of light commercial compressors, and has a global market share of light commercial compressors. About 10%, the European light commercial compressor market share exceeds 20%.

Anti-vibration and anti-shake No fear of bumps

The unique compressor automatic protection device is not afraid of frequent starting of the car. Even if the vehicle is tilted at 30° , it can still run (according to the laboratory test data) to meet the long-term normal use in harsh environments such as bumps, vibrations, extreme cold and extreme heat.

Fast and powerful cooling 30 minutes to 0°

Only temperature control, cooling range (-18° to $+10^{\circ}\text{C}$), super heat preservation 72hrs, and dual modes of energy saving and strong cooling to meet different use environments.

Real-time intelligent monitoring Car battery voltage

According to the starting voltage requirements of different models, different battery voltage protection values are set to ensure the car start and car battery safety

Optional

2.5m DC power cord
Connect the cigarette
lighter plug and play

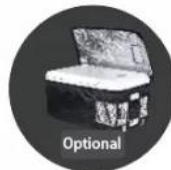

Optional

100-240 home adapter

Optional

77800mAh lithium
power supply

Optional

Oxford cloth aluminum
foil protective box

ENRICH YOUR LIFE WITH MULTIPLE USES

Self-driving trip

Outdoor picnic

Home standing

Office leisure

Off-road trip

Vehicle modification

Long-distance transport

Breast milk preservation
