Product Description

Product Description:

Automotive LED Light Bulbs are ideal for car owners who want to upgrade their lighting systems. These bulbs are made of high-grade aluminum and are highly efficient. The size of these bulbs is 2.2 X 1.2 X 0.8 Inches and they operate at a voltage of 12V. The package includes two pieces of LED bulbs that offer a high light intensity. Car LED Bulbs are not only energy-efficient but also long-lasting. Furthermore, they generate less heat compared to traditional bulbs, which makes them safer to use. Car LED Bulbs also provide a brighter and clearer light compared to traditional bulbs. They enhance the visibility in dark and foggy conditions, and improve safety while driving. Upgrade your car with top-notch Automotive LED Light Bulbs for a safer and more comfortable driving experience.

Features:

Product Name: Automotive LED Light Bulbs
 Material: Aluminum
 Application: Automotive
 Lifespan: 50,000 Hours
 LightSource: LED
 Warranty: 1 Year
 Special Features: Car LED Bulbs, LED Headlight Bulbs
