| ● Place of Origin:        | China                |
| ● Brand Name:             | Lalidah              |
| ● Certification:          | ce                   |
| ● Model Number:           | LB-60                |
| ● Minimum Order Quantity: | 100 pieces           |
| ● Price:                  | USD 4.0/PC           |
| ● Packaging Details:      | 10x11x8 cm, 1 pc/box |
| ● Delivery Time:          | 30 days              |
| ● Payment Terms:          | T/T, Western Union   |
| ● Supply Ability:         | 2000 PCS /DAY        |

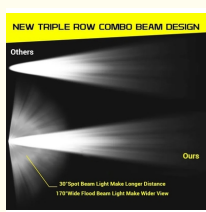

## Product Specification

- Material: Aluminum Alloy
- Voltage: 10-30V
- Power: 60W
- Luminous Flux: 4000LM
- Product Name: LED Light Bar
- Weight: 1.2kg
- Size: 4 Inch
- Beam Angle: Spot&Flood Beam
- Color Temperature: 6000K
- Lifespan: 50000hrs
- Light Source: LED
- Waterproof Level: IP67
- Package: 2pcs/set

### Product Description

### Product Description:

LED Light Bar is a high-power driving light that provides excellent visibility and safety for your vehicle. Its light source is LED, and its waterproof level is IP68. With 200W of power, this LED driving light ensures superior performance and brightness. It is also backed by a one-year warranty for worry-free operation. With its high-powered and waterproof design, this LED driving light is the perfect choice for your vehicle. Enjoy a safer and brighter drive with this LED Light Bar!

**HIGH performance**

**1/2PCS**

Cooling Fins

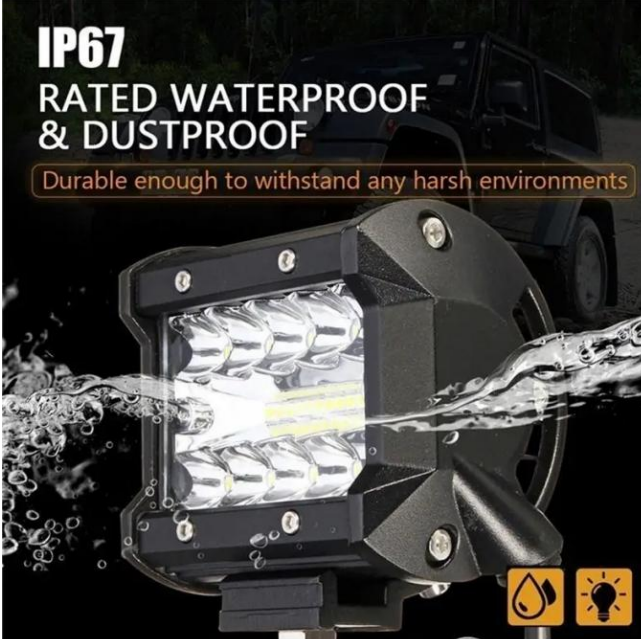

Adjustable Brackets

Line Protection

**IP67**

**RATED WATERPROOF & DUSTPROOF**

Durable enough to withstand any harsh environments

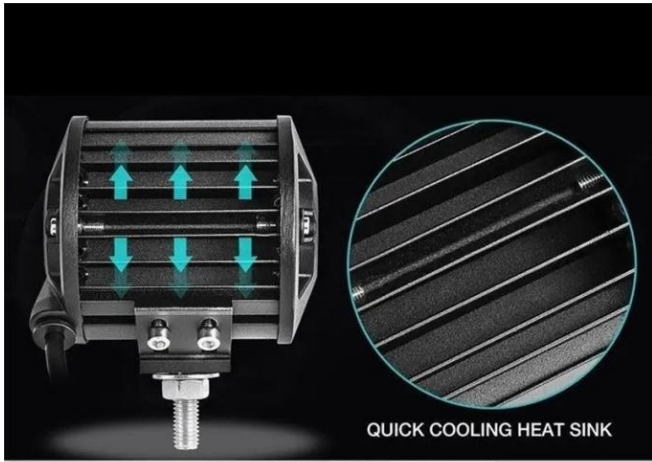

Waterproof & Dustproof icons

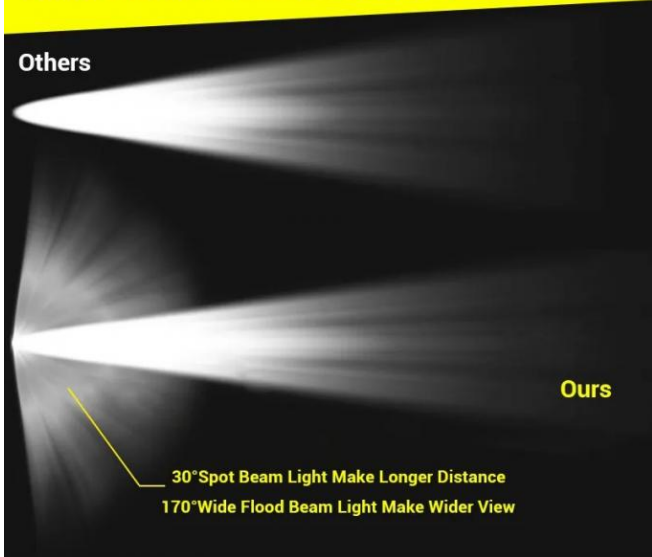

**SHELL**  
Slip Bracket, Angle Adjustable

**CHIP**  
Cree High-Power Chips. High Brightness  
High Lumen.  
Life Span of 50000 Hours or More.

**NEW TRIPLE ROW COMBO BEAM DESIGN**

**NEW GENERATION LED CHIPS**  
**TRIPLE ROW LED LIGHT, 170°FLOOD LIGHTS**

The new generation LED chips upgrades its life time to 10,000 hours; Triple Row design provide wider view and higher brightness

Waterproof Rubber Pad can totally seal the light

100% air-tight test for all lights

Upgraded techs for better waterproof performance

Customized Reflective Cups strength the intensity of light beams

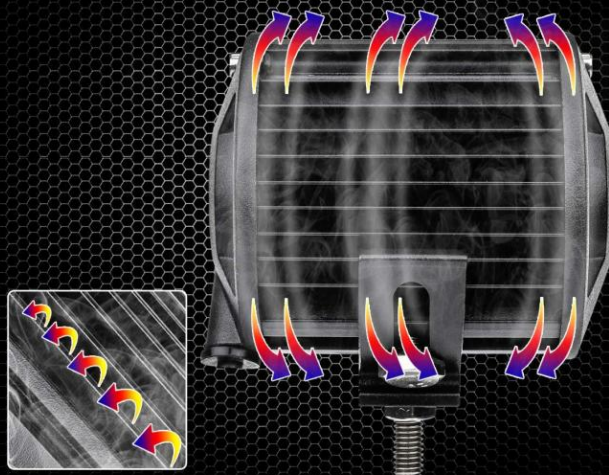

Adopting PC lens to reduce light attenuation

Using High Lumens LED Chips

## EFFICIENTLY COOLING DOWN

Heat sink fin design improves its lifetime to more than 100,000 hours

# SPOT BEAM

6000K Bright Cool White Light  
Spot -Wider and Longer lumination Distance

## ADJUSTABLE VERTICAL ANGLE 90°

The bracket screw bit has multi - card position  
When the lamp is installed, you can adjust the  
Angle of the lamp
