Basic Information

- Place of Origin: China
- Brand Name: Dalilah
- Certification: ce
- Model Number: V-180W
- Minimum Order Quantity: 100
- Price: USD10~20/ PC
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 10000 Piece per Month

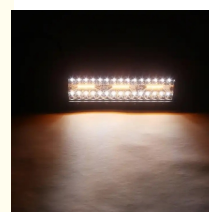

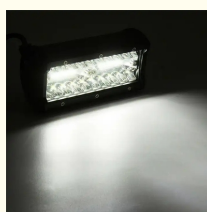

Product Specification

- LED Chip: 3050 Chip
- Beam Pattern: Spot Flood Combo
- Power: 180W
- IP Rating: IP67
- Warranty: 1 Years
- Material: Diecast Aluminum Housing
- Color Temperature: 6000K
- Lifespan: 50,000 Hours
- Luminous Flux: 5000LM
- Package: 1 X LED Light Bar
- Product Name: LED Light Bar
- Size: 9.2 Inch
- Voltage: 10V-32V DC

Product Description

Product Description:

Our **dual row LED light bar** is made of 6063 aviation aluminum, which is perfect for off-road and fog light, driving light and bar light. It provides the highest luminosity with power from 9V to 36V, up to 30000 lumens. The reliable LED chips used in this product are from Osram and Cree. It is designed for the toughest conditions, such as harsh weather, temperature, and shock. With our **amber LED light bar** and **double row LED light bar**, you can explore any outdoor environment with ease. Our **Osram LED Light Bar** and **Cree LED Light Bar** are the perfect choice for the most demanding off-road and all-terrain applications.

Features:

- 1.) The Triple Row LED light bar design makes it more brighter, 60W-6000lm, 120W-12000lm, 180W-18000lm, 240W-24000lm, 480W-48000lm etc.
- 2.) The Spot & Flood Combo provides more distant and wider view which will be perfectly to be used as off road lights, work lights, fog lights, driving lights etc.
- 3.) The Adjustable Bracket makes it easier to change the direction of the light, so you don't need to disassemble every parts of the LED light bar if necessary.
- 4.) The Wide Working Voltage makes it suitable for almost all the vehicles. Once confirm the voltage and the dimension, then it will fit for your vehicles.
- 5.) The Alumina Alloy Die-casting Shell makes it become anti-corrosion. And with the help of waterproof performance, it will fit for almost all types of the weather.
- 6.) IP68: It's waterproof and dustproof. No matter it's stormy, rainy or snowy, it will work well. IP67 means that it can be submerged in up to one meter of water for half an hour.
