Product Description

Product Description:

The lamp type used in these lights is automotive LED lamps. LED lights are known for their energy efficiency, longer lifespan and brighter illumination. By using LED lamps, these interior atmosphere illumination lights will consume less energy and last for up to 50,000 hours. So, you don't have to worry about replacing them for a long time.

The control method used for these lights is remote control. With the remote control, you can easily change the color, brightness, and lighting mode of the lights. The remote control is easy to use and can be operated from a distance, so you don't have to reach out to the lights to change the settings.

These Car Interior Atmosphere Lights are designed to fit any car model. The lights come with an adhesive tape that can be easily installed on any surface. You can install them under the dashboard, on the door panel, or even on the ceiling of your car. The installation process is simple and can be done in minutes.

The material used in these lights is ABS, which is a high-quality plastic that is durable and resistant to heat and impact. ABS is also lightweight, making it easy to install and use. The lights are designed to withstand long-term use and will not easily break or wear out. The Car Interior Atmosphere Lights come with 8 lighting modes, which allow you to change the color and brightness of the lights according to your preference. Whether you want a calming blue light or a vibrant red light, these lights have got you covered. The lighting modes can be easily changed with the remote control.

In conclusion, the Car Interior Atmosphere Lights are a great accessory for anyone who wants to add a touch of style and comfort to their car. These interior illumination lights are made with high-quality materials and have a long lifespan. They are easy to install and can be

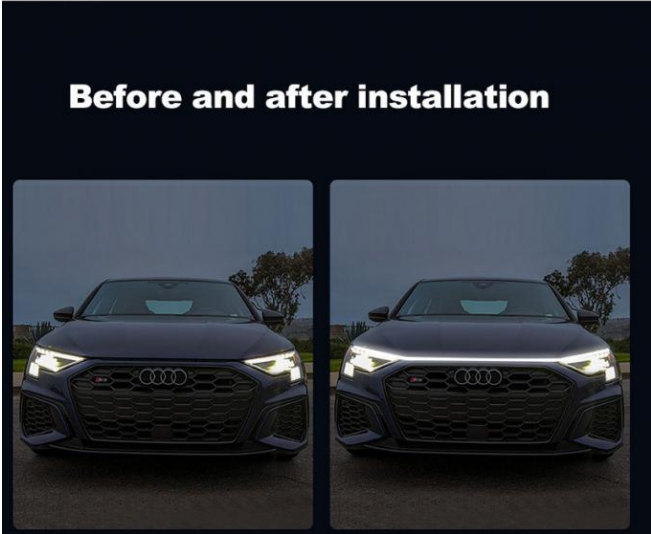

controlled with a remote control, making it easy to change the lighting modes. With 8 lighting modes to choose from, these lights provide an excellent lighting experience that will make your car look and feel great.

LAMP CORD WITH FUSE

PRODUCT PARAMETER

Applications:

The Car Ambience Lighting features multi-color LED lights that can change colors automatically or manually. The LED lights emit a soft glow that is not too bright and not too dim, creating a comfortable and relaxing atmosphere. The Car Interior Decoration Lights are perfect for use during long drives, date nights, and road trips. They can also be used for special occasions such as weddings, proms, and parties. The product is suitable for all car models, making it a versatile product. The Car Interior Atmosphere Light is made of high-quality ABS material that ensures durability and longevity. The input voltage of DC12V makes it energy-efficient and safe to use. Overall, Dallah's Car Interior Atmosphere Light is an excellent product for anyone who wants to add a touch of style and elegance to their car's interior. Whether for personal use or as a gift for a friend or family member, the Car Interior Atmosphere Light is a fantastic choice.
